

Odense 19 September 2016

Nominee for the EACPT Lifetime Achievement Award 2017:

Professor, consultant, DMSc, Kim Brøsen, Denmark

Nomination

The Danish Society of Clinical Pharmacology hereby nominates Professor Kim Brøsen for the EACPT Lifetime Achievement Award 2017.

Particulars

The Danish Society of Clinical Pharmacology (DSKF) unanimously decided to nominate Kim Brøsen for the award at a board meeting in May 2016. The Society then took steps to ally itself with Prof Damkier, Prof Hallas and Dr. Rix, with the aim of writing a nomination together. However, due to a misunderstanding Prof Damkier et al. submitted the nomination before being co-signed by DSKF.

The nomination by Prof Damkier et al. dated 12 August 2016 (copy attached), and signed by Damkier, Hallas and Rix Hansen is both complete and accurate. The Danish Society of Clinical Pharmacology (DSKF) can and fully does endorse it.

This letter is signed by The DSKF chairman of the board, and the board secretary, and has also been signed by Prof Per Damkier in acknowledgement of the joint nomination.

Sincerely,

Troels K Bergmann
DSKF Chairman

Maija Hastrup
DSKF board secretary

Co-signing
Per Damkier
Professor, MD, PhD
