Kiel, den 15.02.2021

EACPT Lifetime Achievement Award 2021

Dear Dr. Sancho

The German Society for Clinical Pharmacology and Therapeutics (DGKliPha) is pleased to highly recommend the nomination of

Prof. Kim Brøsen MD

for the EACPT **Lifetime Achievement Award 2021**.

Kim Brøsen has made outstanding achievements for the discipline of Clinical Pharmacology as terrific scientists being highly cited, but also as superb teacher of clinical pharmacology, long term highly active member of the EACPT executive board, liaison officer to IUPHAR and very successful president of the EACPT congress 2001 and of the World Congress of Pharmacology 2010. Kim Brøsen fully fulfills all criteria of the award and there is no doubt – he really deserves it.

With kind regards

Prof. Ingolf Cascorbi, MD, PhD
Chairman
